Foresite is a rapidly growing global service provider, delivering a range of managed security and consulting solutions designed to help our clients meet their information security and compliance objectives. In the face of increasingly persistent cyber-threats, Foresite's solutions empower organizations with vigilance and expertise to proactively identify, respond to, and remediate cyber-attacks and breaches where they occur.

Our team of industry veterans work as an extension of our clients' staff, providing peace of mind while securing their most important assets. For more information, visit us at <http://foresite.com> or contact us at [info@foresite.com](mailto:info@foresite.com).

### Position Summary:

Foresite is seeking an enthusiastic and motivated individual with 5+ years of consulting and/or auditing experience within cybersecurity to join our team.

Successful candidates will ideally have experience and/or relevant certifications working with PCI, HIPAA, NIST, ISO, GDPR, SOX, and other information security risk assessments.

### Responsibilities:

- Assist in project scoping and SOW creation
- Facilitate customer facing assessments and/or audits for cybersecurity compliance frameworks including: PCI, HIPAA, NIST, ISO 27001, 27002, 27005, 9000, GDPR, SOX, etc.
- Create and deliver findings and/or reports to customer senior management
- Consult clients on best practices for remediation to achieve desired compliance attestations
- Deliver recommendations to achieve and maintain compliance
- Work as a member of a team
- Maintain relevant industry certifications and demonstrate a willingness to work toward additional credentials
- Other Duties as assigned

## Qualifications:

- Bachelors or equivalent experience preferred
- Minimum of 8 years of experience with a proven track record consulting on cybersecurity compliance initiatives for PCI-DSS, SOX, and HIPAA requirements as they relate to IT
- PCI QSA certification desired; or at least prerequisites and a willingness to pursue the certification
- Other desirable industry credentials include: CISSP, GSNA, CISA, CISM, PCIP, GPEN, GCIH, CEH
- Clear, logical and persuasive communication skills with an ability to work closely with executives and employees at all levels
- Experience with development of strategic reports, gap assessments, reports of compliance and statements of work
- Must possess a high degree of intelligence, competence, maturity, adaptability, resilience, integrity and initiative
- A highly entrepreneurial spirit ... a “make it happen” attitude and approach
